Freedmen's Bureau.

The report of Generals STEEDMAN and FULLERTON, which has been published in the *World*, shows that this pretended charity is only a cover to the rankest corruption, personal and political, the country has ever seen, even within the past six years of Radical rule. What we have all along stated, from our own correspondents and from other authentic sources in different sections of the South, has now been officially confirmed, and it is upon record that the Bureau has been a swindling scheme to draw millions from the public treasury to fill the pockets of "agents," school-masters, and the new race of planters who have raised profitable crops upon lands for which they paid nothing; with labor furnished and actually fed at the government expense. Moreover, it has been shown that in instances, frequent enough to furnish a new "Key to Uncle Tom's Cabin," these irresponsible agents and their friends, who had no interest beyond the labor-profit in negroes costing nothing, and of whom there was an inexhaustible supply at the nearest "agency," have treated their laborers with the greatest cruelty, punishing them with the whip, and even shooting them down when they attempted to escape. They have defrauded the poor blacks, they pretended to protect, of their wages, compelled them to take orders on "the store" for their work, charging them outrageous prices for shoddy goods and for the necessaries of life; and from the highest to the lowest, from the lords of "confiscated" plantations down to the Massachusetts schoolmistresses who obliged their colored pupils to buy cartes de visite of their teachers upon penalty of expulsion from school, the whole gang of agents, subordinates, and hangers-on—all drawing government salaries the while,—have been industriously endeavoring to see how much money they could make out of the government which was supporting them, and out of the negroes whom they were professing to "protect." In short, the whole scheme has been a stupendous swindle, unparalleled even in the general Radical plunder during the war.—These things are shown up partially, but by no means fully, in the official report and in other trustworthy accounts. Apart from the Bureau's being a constant outrage upon the negroes, who are subjected to a worse slavery than they have ever before known, who are traded about on "commissions" from plantation to plantation, sent from State to State, and even transported as cheap servants to philanthropists in Massachusetts and elsewhere in the North, the Bureau is a vast pasturing ground for "played out" politicians, country clergymen without congregations, New England schoolmaster without slavery-affording schools, ex-sutlers, and other pets whom the party has made parasites upon the public treasury. It is of no benefit whatever to the negroes, who are happier, more contented, better employed, and far better paid in those sections of the South where contracts have been made between the employers and the laborers without the intervention of the Bureau.

Undoubtedly it has been a benefit to the agents and pets who rapidly accumulated large fortunes from their opportunities. But it is time that this outrage was ended. It is an outrage alike on the taxpayers of the country and emancipated blacks who are now used and abused for the profit of party favorites. The exposure of this infamy will assuredly compel its correction, and is another argument in favor of the election of a Congress which will summarily do away with an institution whose history is one of the most infamous chapters in the whole record of Radical rule.—*N. Y. World.*

Secretary Stanton's Troubles only Commenced.

It is understood that the fact of a suit for damages having been commenced against Secretary Stanton was kept quiet by the government in order to prevent the institution of numerous other similar suits; but the *Herald* having smoked the case out, despite the reticence of the government, the courts of the District are already threatened with a surfeit of business growing out of suits against this official. Summonses in suits for damages representing sums varying from $10,000 to $50,000 have already been issued, and others are threatened.—A number of suits against the same personage have been commenced in Pittsburg and other parts of the country. The long pent-up animosity of the people seems suddenly to have been let loose. It is, however, but proper to warn parties who consider themselves aggrieved by Mr. Stanton's official conduct during the war, that there need be no haste in getting their claims into court. The principle that is to determine the personal responsibility of officers of the government for extra legal conduct during the war will be settled in the Smithson case—which will probably be tried in November—and then other aggrieved parties can guide themselves by that decission and save delays and costs to themselves.—*Correspondent New York Herald.*

PROSPECTUS.

This company owns by warranty title nearly fourteen thousand acres of mineral lands, situated in the counties of Chatham, Moore, Rockingham and Stokes, on the waters of Deep and Dan Rivers, in North Carolina, which abound in plentiful deposits of coal, copper, iron, salt, and, there is every reason to believe from general and surface indications, petroleum or coal oil.

The services of two practical and efficient men, experienced in boring for oil, and stimulated by a long course of success in Venango county, Pennsylvania, were secured by the company several months since and they are now on the lands, with the requisite force, tools, steam engine and machinery, boring a well with very flattering prospects of success. The organization of this company effected some time since has now been perfected in legal form, by act of incorporation, with a capital of $500,000, divided into 100,000 shares of $5 each.

By reference to the valuable and laborious reports of Prof. Emmons, State Geologist, and Commodore Wilkes, U. S. Navy, every one interested will be enabled to judge of the value of the large area of territory secured by the North Carolina Petroleum and Mining Co.

It is well known that a superior article of bituminous coal is now being mined in the Deep river coal region, where a portion of the lands are situated, and this company owns property known to be equal if not superior to any on which shafts have been sunk. Copper, iron and salt also abound, and the attention of capitalists has already been directed to this section on account of its value for the above minerals.

Below are given a few extracts from the journals showing that there is no good reason why there should not be as large quantities of oil in the "Old North State" as in other States.

OIL WELLS IN WEST VIRGINIA.—The Parkersburg *Times* gives an astonishing statement of the yield of wells in the region thereabout, consisting of Wood, Wirt, Ritchie and other counties, viz: Burning Springs, 2,500 barrels per day; White Oak, 1,500; Lick Run, 300; Horse Neck, 150; and of the several wells on Hughes river, 6,000 barrels per day. The quality is said to be remarkably fine. The *Times* considers the oil of West Virginia the best yet discovered.

THE OIL EXCITEMENT IN ILLINOIS.—The oil excitement in Clark county is still high. Some eight or ten derricks are up and at work. The deepest well is only 325 feet, with a fair yield of oil. Some of the other wells have struck oil and gas at from 70 to 100 feet.—Much time and money will be spent this summer in the thorough development of the oil resources of Clark county. Men of capital and experience seem confident that oil will be found in large quantities, and are willing to test their faith by a free expenditure in developing the lands. The first company who bored on the land of Hon. T. R. Young, are now engaged in trying to raise the auger which was lost last fall. The Eastern Illinois Company will begin work in a few days twelve miles southwest of the first well. The prospect in that locality is good.—*Chicago Tribune.*

It is known that after a few months boring in the vicinity of Lynchburg, a large vein of oil was struck and a productive well is now in successful operation. This is on the same line with, and about 80 miles from, the company's first well on Dan River, where the indications both general and particular are similar.

In order to have sufficient means to develop this valuable property in such a manner as to insure success, the Directors have authorized 10,000 shares of the capital stock to be sold to raise a working capital, and subscriptions for that number or any part thereof will be received.

An uncommonly favorable opportunity for investment is thus afforded, as those who choose to buy stock under this offer will have the advantage of an equal footing with the original corporators in an enterprise which, after the example of the immense profits realized in those of a similar character in other States, though in many respects on less favorable conditions than this, (compare the extent, cheapness and fee simple title of the basis of operations here offered gives reasonable assurance of the most lucrative results. In many instances in sections of less favorable oil localities, shares have advanced in a few days from $2 or $5 to $20 and even $50, and poor men who made small investments realized fortunes.

Further information may be had at the office of the company, one door north of the Court House, Greensboro, N. C., where books of subscription are now open.

By order of the Directors.

A. G. BRENIZER, Secretary.
Greensboro, N. C., Aug. 3-3tawtf

IMPORTANT SALE

IN WILSON NORTH CAROLINA

THE undersigned, having been duly appointed and empowered by the stockholders of

WILSON FEMALE SEMINARY,

to make sale of that VALUABLE PROPERTY, including all the buildings, together with about Twelve and a fourth Acres of Land, will offer the same at public auction, *on the 14th day of September next.*

The Seminary is a large and commodious building, admirably arranged for school purposes, and contains a sufficient number of rooms to accommodate about TWO HUNDRED STUDENTS. The buildings are nearly new, having been erected in 1860, and are of every kind needed in a first class Seminary.

The Seminary is located on the Eastern boundary of the town of Wilson, below the Wilmington and Weldon Railroad, and on an elevated spot of ground, well shaded, and having excellent wells of water. The proverbial healthiness of the town of Wilson, (it being the highest point on the Wilmington and Weldon Railroad,) and the morality, intelligence and refinement of its citizens, make it one of the most desirable locations for a first class, Male or Female, Seminary in the State.

Of the 12¼ acres of land a sufficient quantity will be sold for school or other purposes, together with all the buildings formerly used by Seminary, and the balance of the land will be sold in lots, the size of which will be announced on the day of sale.

TERMS OF SALE.—One-fourth cash; on the balance a credit of six months will be given.

FOR THE CONSTITUTION OF THE UNITED STATES, AS IT IS, AND THE UNION AS IT WAS.
No Further Amendments.

FOR GOVERNOR,

JONATHAN WORTH,

OF RANDOLPH.

The Radicals Organizing.

The last Newbern *Times* gives an account of a meeting held in Newbern, last week, to consider the propriety of electing delegates to a State Convention to convene in this city. The *Times* does not give the official proceedings of that meeting. It says the meeting was a "large and enthusiastic" one, but only mentions the names of six white persons present, and only two of those are North Carolinians.

Mr. C. R. Thomas, late Secretary of State, and, later, President of the Atlantic R. R., whose political gyrations have been nearly as wiry and changeful as those of his leader and friend, W. W. Holden, was the Chairman of the meeting. His Radical proclivities have, however, been well known. Mr. E. R. Stanly was the Secretary—a very fit appointee of a Radical meeting. Messrs. H. L. Menninger, R. F. Lehman, and D. W. Wardrop, were the committee on resolutions. They are Yankees dyed in the wool, and representatives of Charles Sumner and Thad. Stevens. Messrs. E. W. Carpenter, R. F. Lehman and others addressed the meeting.

We have had some very telling disclosures from Washington in regard to some of the actors in this meeting, and, if we mistake not, Mr. E. W. Carpenter is the reputed author of those wonderful telegrams and letters hailing from North Carolina, nearly a year ago, which gave such woful accounts of the treatment of the blacks in the South, furnished to the Northern Radical press. We should not be surprised if more of the same sort were soon conjured up to effect an object. Most of those dispatches hailed from Raleigh, but are said to have been manufactured in Newbern, and ventilated through a then willing medium here. The Virginia press called them *Raleigh-grams*, and hence everything received from Raleigh in the shape of a telegram, for some time, was looked upon with suspicion and treated with a large degree of allowance. Some blame, at the time, was attached to the telegraph operators here, but we soon satisfied ourselves that they had nothing to do with them, except to manipulate the wires under a responsible name.

The resolutions approve of the call of a Convention to be held in this city on the 17th. inst., to organize in the State the *unmistakably loyal* men. We are glad to see this. We are anxious to know who in North Carolina are the Radicals and enemies of the Union and Constitution of the United States. We are anxious to know who are the unmistakably Johnson men and who are not. We have always classed Messrs. Thomas and Stanly, native North Carolinians, (and there are a few more about Newbern,) in political accord, (and opposed to Gov. Worth,) with the *Times* and Messrs. Menninger, Lehman, Wardrop, Carpenter, &c. The time has come when they should hang their banners out.

We beg some of our friends in Newbern, whom *we* class among *unmistakably loyal* men, true men to President Johnson, Gov. Worth, the Union and the Constitution, to give us a full account of this meeting and keep us advised of the movements of the Radicals in that section.

An Idea.

In our telegraphic column yesterday morning, it will be recollected, a paragraph appeared which said that when the news of the success of the Philadelphia Convention reached Liverpool, Confederate bonds immediately went up.—Many persons no doubt read this, and laughed at the dullness of the English people not to know that Confederate bonds were "played out" altogether. But there is something behind the curtain, viewed from an English stand-point, that Americans have not been looking for.—Should the Johnson policy succeed, and it should be declared that the States have never been out of the Union, these Liverpool bondholders will try to get their government to force the United States to pay them. That's the secret.—*Newbern Times.*

No sensible man can entertain any idea that one dollar of the *Confederate* debt will ever be paid. If the telegraph states a truth, it can only be a *ruse* of the money brokers to get rid of the worthless Confederate bonds on their hands. But is the *Times* so blind that it does not see, that if the Johnson policy prevails, there will be no shadow of a chance for any one to set up claim for their payment? But on the other hand, if the Radical doctrine prevails, that the act of secession really took the States out of the Union, it is plain that the laws of nations would give a shadow of claim to the foreign creditors of the Confederacy, to enter a plea against the conquering party, for the payment of the debts of the conquered and subjugated States.

THE NEXT LEGISLATURE.—Col. D. C. Clark has announced himself as a candidate for the House of Commons, in Halifax county. Col. Clark will make an useful member.

Our friend, Col. Thos. S. Kenan, is a candidate for re-election from Duplin. Col. K. was one of the most efficient members of the last House, and we shall hail his return with pleasure.

THE HON. ROBERT RIDGWAY, of Virginia, who was named, without authority, as a delegate to the Sneak Convention, which meets in Philadelphia to-day, has written a scathing letter, indignantly repudiating any sympathy with the concern. He says among other things: "I cordially despise even Northern Radicals, but my scorn and contempt for a Virginia Radical hath no bounds."

Powers of the State Convention.

The following query has been proposed to us by an unknown correspondent, which we shall answer promptly:

Editors of the Sentinel.—If the opinion expressed by Judge Ruffin, that the late State Convention was, *from beginning to end, without power to act*, or the opinion expressed by Judge Manly, that the convention was *without power to act, after the termination of the Provisional Government*, be correct, how can the people of the State hold an election in October next, for Governor and Members of the General Assembly? The ordinance appointing such election being an act of said convention in June last.

Be pleased to answer and oblige a

Sep. 1, 1866. CITIZEN.

The opinions of Judge Ruffin and Judge Manly, in regard to the powers of the late State Convention, are simply the personal opinions of gentlemen, learned in the law and of much worth and influence as citizens. The effect of those opinions is simply moral, and carries no more legal force than the opinions of other people.

The questions, *now*, as to whether the late State Convention was a legitimate body, with full powers to do the work of a constitutional Convention, or not, or whether its powers were legitimate within certain limits *only* during the existence of the Provisional Government, must be purely judicial questions, and the Courts of the State and the United States alone have jurisdiction over them. The opinions of Ex-Chief Justice Ruffin and of Ex-Judge Manly settle nothing, only so far as they convince their readers of their correctness. The ordinances and acts of the Convention, except in so far as they have been rejected by the people, remain in force, whether they be organic or statutary law, and must be executed by the officers of the law as faithfully and rigidly as if the powers of the Convention had never been questioned, until they shall be declared null and void by the Supreme Court, or be rescinded by a future Convention, or until such laws as it is within power of the Legislatuse to annul, are repealed. The Congress of the United States, usurping authority not constitutional, may declare the entire action of the Convention null, but the only legitimate authority in the government which has the power and the right to declare the Convention a usurping body, or to declare its acts null and void, is the judiciary or the Courts, in their decisions upon specific cases involving those questions, when brought regularly before them.

If this be correct, it matters not what the people think of the Convention, all its acts and ordinances must stand and have the force of law, except those ordinances inserting new matter in the Constitution which has just been rejected by the people. But the question of the election in October has *not* been submitted to the people and has not been rejected by them. Hence, that portion of the ordinance fixing the elections for the present year is still the law of the land.

FIND FAULT IN PRIVATE.—Find fault, when you must find fault, in private, if possible, and some time after the offence, rather than at the time. The blamed are less inclined to resist when they are blamed without witnesses.—Both parties are calmer, and the accused person may be struck with the forbearance of the accuser, who has seen the fault, and watched for a private and proper time for mentioning it. Never be harsh or unjust with your children or servants. Firmness, with gentleness of demeanor and a regard to the feelings, constitutes that authority which is always respected and valued. If you have any cause to complain of a servant, never speak hastily; wait, at all events, untill you have had time to reflect on the nature of the offence.—*Exchange.*

The above is capital advice. Hundreds of servants and children are ruined by a public exposure of their faults, especially when we are in a pet at their negligence or misconduct. Heads of families and housekeepers would avoid a world of trouble by taking note of and practicing the above advice.

INTERESTING TO BACHELORS—SUBSTITUTE FOR WIVES.—Among the new inventions is a button which is fastened to cloth without thread. It is said to consist solely of a button with a wire, to be inserted into the cloth like a corkscrew, and then pressed down flat, so as to form a ring to hold the button to its place. As this invention will enable every man to keep the buttons on his shirt himself, it is calculated to do away with wives altogether.—*Lynchburg News.*

That may do for a pesky, narrow hearted, close fisted, shrivelled up old bachelor, but, as for us, we would rather have a good wife, shirt or no shirt, buttons or no buttons. We believe in labor-saving machinery, but we have no use for any substitute for a wife for any son of Adam.

High-Handed Outrage of the Commanding Officer at Richmond.

We understand that Major General Schofield, the commander of the Department of Virginia, has arrived in this city. General Schofield had been assigned to replace General Terry at Richmond, and it was hoped would have proceeded to avoid the acts of oppression and insult which have made the latter justly odious to the people. The very first act of General Schofield, which we hear of, gives us a very unfavorable augury of his future course. The Baptist denomination of Virginia have a large and beautiful building in Richmond, which is devoted to the education of young ladies, and is known as the Baptist Female Institute. This building has been used both by the Confederate and by the United States Government. The latter at first paid rent, but latterly this has been refused. Under these circumstances the building was applied for by the owners, and General Terry agreed to surrender it by the first of September.

The authorities proceeded to engage teachers and make other arrangements to begin on the 18th of September, and so great is the interest felt in this subject of education that it was understood the institution would re-open with four hundred pupils. *All these expectations have been dashed by General Schofield insisting arbitrarily on the retention of the building.*

As sincere friends of order and an earnest return to peace and harmony, we witness acts of this character with unqualified condemnation Every friend of law and order must abhor this act of wanton spoliation. How can we expect the return of peace and good will between the two sections, if acts like these are suffered to go on unrebuked and unpunished? If the President was not absent, we believe a day would not elapse without justice being done.—*Washington Constitutional Union.*

For the Sentinel.

"PROF. KIMBERLY, late Professor of Agricultural Chemistry at the University, has resigned. He designs devoting himself to farming."

MESSRS EDITORS:—The above paragraph, cut from a late copy of the *Sentinel*, contains a world of wisdom. It points to the path of duty, and indicates the only means left us for the recuperation of our desolated section. We must all go to hard work, and that work should, for at least a few years, be *farming*. It is idle to talk or think of prospering at the South until her agriculture, on which all other interests depend, has been re-established. It is in vain to hope for the re-establishment of any efficient agricultural system among us except through the personal labor, direction and energy of the *white men of the South*. The destiny of the country is in their hands. They, and they alone, can or will redeem it. The Yankee and the foreigner refuse to come among us. If they come, they are not equal to the great work which Providence has cast upon ourselves. The negro, so from taking a controlling influence in the recuperation of the South, can scarcely be get to work at all, or only when the white man labors by his side and leads the way.—The white people of the South must set the example of manual labor. As Gen. D. H. Hill says, in his very able articles on education, manual labor must "become the badge of manhood, patriotism and unselfishness." Two successive failures of all our crops, a circumstance never before known at the South, and a threatened, wide spread famine, all warn us to delay no longer. We have too many consumers.—More of us must become producers. Prof. Kimberly has set a noble and notable example.—Let the surplus white population of the towns and villages go to the country and apply their intelligence, enterprize and skill in the production of our great staples. Let many of the able-bodied men give up their places of ease and position, to the feeble and infirm, and bend all their energies to the growth of cotton and tobacco. There is wealth and honor in such a policy. It is shameful to see hale, hearty young men consenting "to clerk for their victuals and clothes," when riches lie before them if they would only go to the plow. Such men should no longer be recognized in decent society.—They hate the Yankees and they curse the negro; but, worse than Yankee or negro, they bring dishonor on themselves and their country, by refusing to work, and constituting themselves into an army of idlers, loafers and vagabonds, who consume the substance of the land, and keep us all in poverty and ruin. The South can never prosper so long as she tolerates the present state of things. The evil example of indolent white men idling about our towns and villages is an insuperable barrier to the improvement of the freedmen. Let, therefore, the public press speak aloud and spare not on all these subjects. Let, too, the vagrant laws and all other laws be enforced against the indolent and vicious amongst us.

In aid of these remedies, let the large landed proprietors adopt the policy of cutting up their immense estates into small and convenient farms, and selling them out, on reasonable terms, to the non-landholders of the country.—These large estates contain an immense proportion of our best lands, and it is right and proper that the labor and energies of the country should be concentrated on our better soils, rather than these lands should be idle or be badly cultivated in the vain efforts of the large farmers and planters to work freedmen, while thousands of industrious, enterprizing white men—the small farmers—are wasting their energies on worn-out fields and barren ridges. This policy would prove in the end of vast benefit to the large landholders themselves. It would be a speedy and certain means of adding to the value of all real estate. By selling out alternate lots or farms, they would, find, in a few years, their remaining lands greatly increased in value. It is the policy that restored the prosperity of France after long and desolating wars. It is the policy that has given, of late years, such wonderful impulse to the development and power of Northern Germany, especially Prussia. It is the same policy that has built up, in our own day and country, the Northwest, with such amazing rapidity. This policy will keep our people South. It would animate them with new zeal and energy. It would at once almost double the production of the country. It would inaugurate a system of agriculture that would gradually but surely improve the country—reclaim and enrich its soil, and restore us to prosperity and power. If this system were only adopted, and our people would all go to steady work, we would find in our rare and valuable staples, at their present and prospective high prices, a source of recuperation and power never before vouchsafed to any nation—ancient or modern.

Public Meeting in Burke.

A portion of the citizens of Burke county assembled in the Court House, in Morganton, on Saturday, the 28th. ultt., for the purpose of nominating candidates to represent this district in the Senate, and Burke county in the House of Commons of the next Legislature. The meeting was organized by appointing A. H. Shuford Chairman, and E. A. Poe, Secretary.

On motion, a committee, consisting of Maj. A. Avery, Col. Calvin Houk, Joshua Gibbs, Alfred Perry and Rev. T. Carleton, were appointed to draft resolutions expressive of the sense of the meeting; who retired, and, after short delay, returned and reported, through their Chairman, Maj. Avery, the following resolutions, viz:

Resolved, That it is the right and the duty of all good citizens to assemble together and deliberate upon public measures, and, in accordance with that recognized principle, we, a portion of the citizens of Burke, believing that we represent the views of a majority of the people of the county, have met together for the purpose of nominating suitable persons to represent this Senatorial district in the next General Assembly, and also Burke county in the House of Commons.

Resolved, That we will cordially support the nominees of this meeting, though they may not be the choice of every individual,—each one submitting to the will of the majority.

Resolved, That it is the duty of every man to acknowledge allegiance to the Government of the United States, and, as soldiers and citizens who were true to the South in the late struggle, we will sacredly observe the obligations of our oaths to sustain said government.

Resolved, That the magnanimous conduct of President Johnson towards the South meets our grateful acknowledgements, and that it is our duty to encourage him by our sympathy, as a people, in his contest with the Radical majority in Congress.

Resolved, That the nominees of this Convention should discard party prejudice and devote themselves to the material interest of the country, and especially should endeavor to make some provision for educating the orphan children of soldiers who have fallen in this war, and for the support of those soldiers who have been permanently disabled.

Maj. A. Avery was then unanimously nominated to represent this district in the Senate of the approaching Legislature; who came forward, and, in a brief but very appropriate manner, addressed the meeting, accepting the nomination.

From the history of Maj. Avery, during the war, every soldier present seemed to feel that he was the very man for the place; and the unassuming and dignified manner with which he appeared before the people, and accepted the nomination, must have impressed every citizen with the idea that his course in the General Assembly would be marked by prudence and sound discretion. Capt. J. B. Marler was then nominated to represent Burke in the House of Commons. Mr. Marler was also a soldier in the late war, and nobly suffered and endured for the cause of liberty and Southern rights. He was also a member of the last Legislature, and makes a working member. Mr. Marler addressed the meeting, accepting the nomination.

Both the nominees expressed their decided opposition to the doctrine of repudiation. Maj. Avery showed very clearly that it would be beyond the control of the Legislature to pass such an act, being positively forbidden by the Constitution of the United States.

On motion, the proceedings of this meeting were ordered to be sent to the Raleigh *Sentinel*, for publication.

On motion, the Convention then adjourned.

A. H. SHUFORD, Chairman.

E. A. POE, Secretary.

in all their new styles and combinations, *at prices that will not fail to please.* I would call special attention to my stock of

GENUINE IRISH LINENS,

the largest in Va., or North Carolina, embracing 20,000 yards, all bought at auction, and will be sold at prices *far below any similar quality* ever offered in this market. I have also just received over 10,000 yards of PANTALOON GOODS, in every variety of finish and quality, varying in price from 30c, to $3. This stock is the largest and most complete of the kind that I have ever offered, and will be constantly replenished during the season as the demand requires.

At a future day I will enumerate the different lines of Goods I usually keep. Suffice it to say, at present, that everything kept in any first-class Dry-Goods House can be found here, in every variety, at the *lowest prices.*

I would say to those in want of

CARPETS,

that the greatest care has been taken in the selection of the best colors and finest fabrics, and they have but to be seen to be appreciated, so that those in want had better

I would also call the attention of the public to the celebrated

Florence Lock Stitch Sewing Machine.

This Machine, being but recently introduced, is already gaining for itself a host of friends, as our daily sales testify. Its simplicity and

recommend it to all. It possesses all the best qualities of the good standard Machines, with several important improvements, more fully explained in the "Circulars," which I send free by mail to any address on application.

THE SENTINEL.

Monday Evening, Sept. 3, 1866.

CITY AND STATE ITEMS.

NEW ADVERTISEMENTS.—We take pleasure in directing attention to the announcement of the School of Medicine of the University of Maryland. The next session will commence on the 15th of October, and end March 1, 1867. This school deserves the especial patronage of the Southern Medical public. Nearly all of the Professors have, for years, been disfranchised on account of their sympathies for the Southern people. Baltimore expended over $2,000,000 in feeding and clothing our soldiers during the war, and since its close that city has been constantly engaged in efforts of grand and noble charity to feed the hungry and clothe the naked in the South. The Faculty of the institution have no superiors in the country in reputation and in professional ability. Among its members will be perceived the name of Dr. W. T. Howard, of Warrenton, in this State, a gentleman of the finest attainments and ripe experience, who has accepted the chair of Adjunct Professor of Physiology. Dr. H. has associated himself with Dr. Alan Smith, of Baltimore, for the purpose of taking office students and examining on the Lectures delivered by the full Professors.

By the way, for the reasons above stated, we hope that our merchants, in going North to purchase their supplies, will not give Baltimore the go by. Besides being a good purchasing market, it has claims upon our gratitude and affection, that it would be shameful to disregard.

Robert Bynum, Wilson, offers a good home for a mechanic and blacksmith. Those having families preferred.

Rosenbaum makes another attractive announcement to the public to-day. We invite attention to his advertisement.

Mitchell, Allen & Co., Newbern, one of the most enterprising firms in the Country, have an immense stock on hand, and will furnish agricultural implements as cheaply as any planter can buy them in the Northern cities. Let parties desiring such articles write at once for their catalogue.

A lady of the finest musical attainments desires a situation. Apply at this office.

Henderson Fuller, Franklinton, offers a suitable reward for the recovery of a stolen mare and colt.

See Professional Card of E. H. Chesterman, Millwright and Draftsman, 909 Bank Street, Richmond, Va.

Two ladies of Easton, Maryland, desire situations to teach in private families. None but Southern persons need apply.

DR. SAMSON'S Lecture on Jerusalem, on Saturday night, was well attended, notwithstanding the exceeding inclemency of the weather, and gave great pleasure to his audience. We hope, at some future day, that the Young Men's Christian Association may induce Dr. S. to deliver his fullcourse of six lectures on his travels in the East. We have rarely heard lectures so full of interest and instruction.

A DINNER AT THE "EXCHANGE."—We formed part of a pleasant company that dined at the "Exchange," on Saturday, by invitation of Maj. Blair, the whole-souled host. Such a dinner! It was a most agreeable finale to a week of labor, and was fully relished and appreciated.—We have seen few better "spreads" in any Hotel in the country.

This whole establishment has been entirely re-fitted, and presents a handsome and attractive appearance throughout. The bed-rooms are eloquent of comfort, and the dining-room, with all the table appliances, is elegantly arranged. Maj. Blair possesses, in a rare degree, the faculty of knowing *how* "to keep a Hotel."

TERRIBLE EXPLOSION.—A fearful explosion took place in Newbern, on Friday last, at the steam saw mill of Jones & Whitcomb, on the Trent Shore, caused by the bursting of a boiler.

Mr. C. H. Alexander was killed almost instantly, and seven other persons were considerably injured,—some of them seriously. The loss of the proprietors is about $10,000, without insurance.

BIGAMY.—We are informed, by a letter from a reliable gentleman in Robeson county, of the particulars of a recent villainous outrage. It appears that Mr. Harvey, of Richmond, Va., a Railroad contractor, worked on the Piedmont road some months ago,—having in his employment one Jno. T. Price, of Buckingham Co., Va., as a blacksmith. Price became acquainted with Miss Fanny Whittemore, a respectable young lady of Rockingham county, and married her last March, while thus engaged on the Railroad. Soon after Mr. Harvey moved his business and hands to the Wil. Char. and Ruth. Railroad, in Richmond county, where Price and his newly-married wife lived until a few days ago, when it transpired that Price has a wife living in Buckingham Co., Va., or elsewhere. Upon this being publicly known, Price absconded and his whereabouts are unknown. The young lady thus deceived and injured is intelligent, amiable, and possessed of excellent character. It is greatly to be hoped that the villain may be arrested and brought to punishment.

Let our young women of all classes of society take warning. Many similar occurrences, within the past two years especially, admonish them of the danger of forming matrimonial alliances with strangers of whom they know and enquire nothing.

REV. FRED. FITZGERALD.—We are much pained to learn that this gentleman, for many years a citizen of this State and for a long time a resident of this City, fell dead in the streets of Hoboken, New York, a few days since. Mr. Fitzgerald was greatly esteemed and beloved in this community, and in other parts of the State, and the intelligence of his awfully sudden death will excite profound regret.

The Vote on the Amended Constitution.

"(OFFICIAL PUBLICATION.)

State of North Carolina,
EXECUTIVE DEPARTMENT,
Raleigh, Aug. 29., 1866.

IN CONFORMITY with the Ordinance of the Convention, ratified the 25th. day of June, A. D. 1866, entitled "AN ORDINANCE SUBMITTING TO THE QUALIFIED VOTERS OF THE STATE THE RATIFICATION OR REJECTION OF THE CONSTITUTION ADOPTED BY THE CONVENTION," the undersigned, Jonathan Worth, Governor of said State, did on the 29th. day of August, A. D. 1866, at the Executive office, in the city of Raleigh, in the presence of the undersigned, Robert W. Best, Secretary of State, and Kemp P. Battle, Public Treasurer, open the returns of the results of the election, held in pursuance of said Ordinance, on the first Thursday in August, 1866, and on the two following days:

WHEREUPON, on examining said returns, it was found that the returns made by the Sheriffs of the Counties in the list marked "A," which is hereto subjoined, were in all respects regular and according to the requirements of said Ordinance, and the returns of the Sheriffs of the Counties in the list marked "B," which is hereto subjoined, were irregular and not in accordance with said requirements. The undersigned being satisfied, notwithstanding their informality, that these latter returns were true, under the advice of the Attorney General proceeded to count them with the returns regularly made; and, thereupon, they found that the number of votes cast by all the Counties, (except Haywood, the Sheriff of which made no returns,) for "Ratification" of said Constitution to be nineteen thousand, five hundred and seventy, (19,570,) and the number of votes for "Rejection" of the same to be twenty-one thousand, five hundred and fifty-two, (21,552,) making the majority for rejecting said Constitution one thousand nine hundred and eighty-two.

JONATHAN WORTH,
Governor of North Carolina.
R. W. BEST,

Our Monday Morning Dispatches.

The Sneak Convention---Brownlow on the Rampage,---Infamous Sentiments,---Fred. Douglas accepts, &c.

WASHINGTON, D. C., Sept. 1, P. M.

Durant, of New Orleans, and Parson Brownlow, of Tennessee, spoke at a mass meeting in Philadelphia, last night. The former said, Governor Welles, under directions from Washington, filled every office with men who had given aid and comfort to the rebellion, either in the field or the Cabinet, and so well did he succeed that, in the following year, no one was elected to the Legislature, who would not have considered it an unpardonable insult to have been called a Union man. Immediately were seen the direful consequences; odious distinctions were made in every direction; emancipated slaves were oppressed, and justice or right, in the case of a citizen of African descent, or of union principles, in most quarters could not be obtained, and this was one reason why loyal men turned their attention to the thought of re-convoking the Convention of 1864. He declared that the President's interference in the affairs of New Orleans produced the terrible results of July 30th, and that loyal men were fleeing to the North for protection and free speech. We ask for the enfranchisement of the Negro, without whose aid, he says, the loyal white men of Louisiana cannot re-create a loyal Government.

Hon. W. D. Kelly said he wished to introduce the great and valiant Gov. Brownlow. In the course of his brief remarks, he said the present Congress was the most patriotic body in the world, and has never been excelled by any, but the present Legislature of Tennessee. He said further, "if another war comes I want you to divide your army into three portions. Let the first and largest come armed with weapons and do the killing. Let the second come with live torches and do the burning. Let the third come with surveyor's lines and re-mark out, and re-settle the country—these are my sentiments."

Fred. Douglas publishes a letter accepting a position as Delegate to the Philadelphia (mulatto) Convention, from New York, and says, if this Convention shall receive me, the event will certainly be somewhat significant of progress; if they reject me, they will only identify themselves with another Convention, which from mean motives turned its back upon its true friends.

Embezzlement in one of the New York Banks---Arrest of the Guilty Party, &c.

NEW YORK, Sept. 1 P. M.

Geo. H. Briggs, Paying Teller for the Nassau Bank, was yesterday arrested on the charge of embezzling one hundred thousand dollars of the funds of the bank.

Briggs had been in the habit of frequenting, and losing heavily, at various gambling houses throught the city, and, on being arrested, made a full confession of his guilt.

The Great Presidential Tour.

ROCHESTER, Sept. 1, P. M.

The President arrived here to-day. A great multitude greeted him with every demonstration of honor, as has been the case at Auburn, Utica, Canandaigua, Geneva, and other points. The trip from Albany to this place may be briefly described as a succession of ovations.

Yesterday, at Auburn, a little boy named Richardson rushed towards the carriage to shake hands with Gen. Grant, but fell under, and his leg was shattered. Last night he sent word to Secretary Seward that he was anxious to see him (Seward,) and that he was anxious to see Gen. Grant. The latter was much affected by the circumstance, and, in company with Surgeon General Barnes, called to see the little sufferer, and consoled him at parting by telling him to write to him when he recovered, and he would try and be of service to him.

At Seneca Falls Station, where the party stopped a short time, the President was addressed by Judge Mills, in behalf of the citizens.—He promised that Seneca county should give a larger vote this Fall in favor of his administration than any county of equal population in the State. The President responded briefly, as also did others of the party who were called out.

At Schenectady they were welcomed by the Mayor and Council in an address, and the President was about to make a reply when the platform on which the party were standing gave way, and they were floored for a time. No one was hurt, however, and the President spoke as though no interruption had occurred. He made short speeches also at Fonda, Herkimer, Utica and other towns on the route. On their arrival at Auburn, the party were received by the Mayor, when the President again spoke, and then an excursion was made to Willow Grove, on Owasco Lake, where an elegant dinner was prepared. During the banquet, Gen. Grant proposed a toast to Senor Romero, the Minister of Mexico, and the success of the cause he represented.

PARIS, Sept. 2.

The Emperor Napoleon, in a letter written to King Victor Emanuel, on the 11th. of August, rejoices that the era of peace has returned. He says he accepted the cession of Venetia, in order that the people of that country might be enabled to choose their own destiny.

ST. PETERSBURG, Sept. 2.

The Russian government, prior to the negotiation of peace, proposed to the French Emperor, and to the other powers, that neutrals should participate in the territorial changes occasioned by the results of the war. The proposition was not supported by France and England and the Czar refrained from moving officially in the matter,—reserving, however, liberty of action in the future.

LONDON, Sept. 2.

The *Times* of yesterday, in view of questions arising between England and America growing out of the war, and the more recent raid of Fenians into Canada, urges the British government to take into serious consideration the feasibility, if not the necessity, of extending the provisions of the neutrality laws to hold the different governments to a strict liability for all acts in violation thereof committed by the subjects of each.

Beecher's Letter.

WASHINGTON, Sept. 3, M.

Henry Ward Beecher's letter, approving of the purposes of the Soldier's Convention at Cleaveland, Sept. 17th. as also the policy of the President, elicits high praise from conservative journals. The N. Y. *Eve. Post*, says of Beecher's letter. "It deserves to be written in letters of gold. It ought to be read by every man and woman in the country. It is an appeal to the sober common sense of the American people, which we hope will bear wholesome fruit, and will turn many from the blind passionate to thoughtful and reasonable consideration of the greatest question which has ever been before the American public.

Hannibal Hamlin.

BOSTON, Sept. 3, M.

Hannibal Hamlin has resigned the position of collector of this port. He intends to speak against the President's policy.

The Cable of Last Year.

ST. JOHN'S, N. F., Sept. 2.

The steamer *Terrible* arrived here to-day.—She left the Cable fleet on Wednesday, being short of coal, &c. At that time, the great Eastern was starting for a spot 100 miles east of where the cable was laid last year,—all attempts to raise the Cable in 2,000 fathoms depth having failed.

[The dispatch proceeds to give a diary of events prior to securing the cable, on Sunday, but it is not of sufficient interest to justify the space it would occupy.]

The First Dose Relieved.

Wm. Verrel, Esq., Matoaca, Va., says, "I was afflicted with the Liver complaint for two years, sometimes so bad that I could not lie upon my left side for one minute, nor could I walk but a short distance without stopping to rest. I tried several kinds of patent medicines but found no relief. I also tried the skill of the most eminent Physicians but still found no relief. I was at last induced to try your Pills [THE SOUTHERN HEPATIC PILLS,] and *from the first dose I found relief*, and continued to mend until I was *perfectly cured*. I am now a well man."

For sale by the Druggists. Directions accompany each box. Sent to any part of the United States for $3 a dozen. Address.

A New and Grand Epoch in Medicine!

DR. MAGGIEL is the founder of a new Medical System! The quantitarians, whose vast internal doses enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so of his wonderful and all healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so-called) remedies of others, and upon which people have so long blindly depended. Maggil's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. Ulcerous and eruptive diseases are literally extinguished by the disinfectant power of Maggiel's Salve. In fact, it is announced that **Maggiel's Billious, Dyspepic and Diarrhoea Pills** cure where all others fail. While for Burns, Scalds, Chilblains, Cuts and all abrasions of the skin, **Maggiel's Salve** is infallible. Sold by J. MAGGIEL, 11 Pine St., New York, and all Druggists, at 25 cts. per box.

INFALLIBLE YEAST POWDERS.

Scientific men, who thoroughly understand the subject, concur with great unanimity in saying that nothing exerts such a deleterious influence against health as bad bread. The remedy is at hand in SIMPSON'S INFALLIBLE YEAST POWDERS, the value of which is thus certified:

RALEIGH, Aug. 24, 1866.

I have tested the Yeast Powders you manufacture and can recommend them as vastly superior to any other ever used by me. In addition to the lightness and sweetness of the bread, the powders are economical, as one-third the lard usually required will answer in the making of either loaf bread or biscuit. For pastries and cakes they are excellent.

VIRGINIA A. ORR.

The price of these powders per package is 25 cts. or 75 cts. per pound. To be had at **Wm. Simpson's** Confectionary Store, Fayetteville Street, Raleigh, N. C.

RALEIGH, Aug. 23, 1866.

This is to certify that I have used Mr. Simpson's Yeast Powders and find them to be superior to any I have ever used. After trying them *once* no housekeeper will be satisfied without them.

MRS. S. D. HARRISON.

SOMETHING NEW

UNDER THE SUN.

A New Era In Medicine

☞ Let the Suffering and Diseased read the following.

☞ Let all who have been given up by Doctors, and spoken of as incurable, read the following.

☞ Let all who can believe facts and can have faith in evidence, read the following:

Know all men by these presents, That on this, the Twentieth day of June, in the year of our Lord, One Thousand Eight Hundred and Sixty-Six, personally came Joseph Haydock to me, known as such, and being duly sworn, deposed as follows: That he is the sole general agent for the United States, and dependencies thereof, for preparations or medicines known as MAGGIEL'S PILLS and SALVE, and that the following certificates are verbatim copies to the best of his knowledge and belief.

JAMES SMEITER,
Notary Public,
L. S. Wall Street, New York.

June 1, 1866.

DR. MAGGIEL:—I take my pen to write you of my great relief and that the awful pain in my side has left me at last—thanks to your medicine. Oh, doctor, how thankful I am that I can get some sleep. I can never write it enough. I thank you again and again, and am sure that you are really the friend of all sufferers. I could not help writing to you, and hope you will not take it amiss.

JAMES MYERS,
116 Avenue D.

This is to certify that I was discharged from the army with Chronic Diarrhœa, and have been cured by Dr. Maggiel's Pills.

WILSON HARVEY,
New York, April 7, 1866. 27 Pitt Street.

The following is an interesting case of a man employed in an Iron Foundry, who, in pouring melted iron into a flask that was damp and wet, caused an explosion. The melted iron was thrown around and on him in a perfect shower, and he was burnt dreadfully. The following certificate was given to me by him about eight weeks after the accident.

New York, Jan. 11, 1866.

My name is Jacob Hardy; I am an Iron Founder; I was badly burnt by hot iron in November last; my burns healed, but I had a running sore on my leg that would not heal; I tried Maggiel's Salve, and it cured me in a few weeks. This is all true, and any body can now see me at Jackson's Iron Works, 2nd Avenue.

J. HARDY,
119 Georick Street.

Extract from Various Letters:

"I had no appetite; Maggiel's Pills gave me a hearty one."

"Your Pills are marvelous."

"I send for another box, and keep them in the house."

"Dr. Maggiel has cured my headache that was chronic."

"I gave half of one of your pills to my babe for cholera morbus. The dear little thing got well in a day."

"My nausea of a morning is now cured."

"Your box of Maggiel's Salve cured me of noises in the head. I rubbed some of your Salve behind my ears and the noise left."

"Send me two boxes; I want one for a poor family."

"I enclose a dollar; your price is twenty-five cents, but the medicine to me is worth a dollar."

"Send me five boxes of your pills."

"Let me have three boxes of your Salve by return mail."

I have over 200 such Testimonals

As this, but want of space compels me to conclude

THE SENTINEL.

WM. E. PELL, Proprietor.

The True Aristocrats.

Who are the nobles of the land,—
The true aristocrats,—
Who need not bow their heads to lords,
Or doff to Kings their caps?
Who are they but the men of toil,
The mighty and the free,
Whose hearts and hands subdue the earth,
And compass all the sea?

Who are they but the men of toil,
Who cleave the forest down,
And plant amid the wilderness
The hamlet and the town?
Who fight the battles, bear the scars,
And give the world its crown
Of name, and fame, and history,
And pomp of old renown?

They claim no gaud of heraldry,
And scorn the knightly rod;
Their coats-of-arms are noble deeds,
Their peerage is from God!
They take not from ancestral graves
The glory of their name,
But win, as erst their fathers won,
The laurel-wreath of fame!

A pious old negro, saying grace at the table, not only used to ask a blessing upon his board, but he would also petition to have some deficiency supplied. One day it was known that Cato was out of potatoes, and suspecting that he would pray for some at dinner, a wag provided himself with a small measure of vegetables, and stole under the window, next which stood the table of the colored Christian. Soon Cato drew up a chair and commenced:

"Oh, massa Lord, will dou in dy improvident kindness, condescend to bress everyting before us, and be pleased to bestow us a few taters—and all de praise—"

Here the potatoes were dashed upon the table, breaking plates and upsetting the mustard pot.

"Dem's em, Lord," said Cato, looking with surprise; "only just luff em down a little easier next time."

Wonders.

When a young man is clerk in a store and dresses like a prince, smokes "foine cigars," drinks "noice brandy," attends theatres, dances and the like, I wonder if he does all upon the avails of his clerkships?

When a young lady sits in the parlor during the day, with her lily white fingers covered with rings, I wonder if her mother don't wash the dishes, and do the work in the kitchen?

When a deacon of the church sells strong butter, recommending it as a good article, I wonder if he don't rely on the merits of Christ for salvation?

When a man goes three times a day to get a dram, I wonder if, by-and-by, he won't go four times?

When a young lady laces her waist a third less than nature made it, I wonder if her pretty figure will not shorten life some dozen years or more, besides making her miserable while she does live?

When a young man is dependent upon his daily toil for his income, and marries a lady who does not know how to make a loaf of bread or mend a garment, I wonder if he is not lacking somewhere, say towards the top for instance?

When a man receives a periodical, or newspaper weekly, and takes great delight in reading them, but neglects to pay for them, I wonder if he has a soul or a gizzard?

THE NATIONAL UNION BUSINESS COLLEGE

WASHINGTON, D. C.

Offers superior advantages for a thorough Business Education.

The course of instruction embraces Commission, Importing, Jobbing, Retailing, Bank and other Bookkeeping, Commercial Law, Arithmetic, Correspondence, Spencerian Penmanship and Business Practice.

PENMANSHIP is taught by Henry C. Spencer, the leading author of this system, and celebrated as the Editor of the "Spencerian Key to Practical Penmanship," adopted by nearly all first class Colleges as the standard of criticism. Unusual facilities are here presented for acquiring this valuable art.

The system of "BUSINESS PRACTICE," originated and successfully taught by the Proprietor, receives his special attention. This is the most valuable part of the course. Here the student applies his theoretical knowledge. He buys and sells representative mdse, makes out notes, drafts, invoices, &c., deposits College money in the College Bank, and checks it out as his business requires. Becoming, in turn, Retailer, Wholesale, Forwarder, Banker, he soon acquires a knowledge of business forms, learns to compose and condense the history of every transaction and thinks for himself. He is thus prepared for actual business.

Full scholarship, good for review at any time, with Life Membership in this Union of Colleges extending to the principal cities, only $45. Books and stationery extra.

For circulars giving full information, for specimens of Penmanship, of the College currency and merchandise.

BUCKEYE SULKY PLOW.

Being impressed with the necessity, and importance of economy in farming, I am happy to have it in my power to furnish to farmers at manufacturers prices the BUCKEYE COTTON & CORN CULTIVATOR OR SULKEY PLOW.

It is certainly the greatest improvement of the age in agricultural implements.

It will, with two horses and one hand, cultivate as much land, and do it as well, as four horses and four hands in the usual way; and the plower can *either walk or ride* at pleasure; which enables old or decripped men, who cannot follow the common plow to execute the work as well as the most robust.

It is manufactured by R. Sinclair & Co., Baltimore, at $70, and is the cheapest plow in use, because of the great saving in hands, teams and provisions. For further information upon the subject, address.
